• Orchids to Havasu 4 Wheelers for all they do keeping our desert clean and safe and protecting our animals. Dave

• Orchids to the Havasu 4-Wheelers for being such good stewards of our public lands by picking up 6,000 pounds of trash on that freezing day. This 4X4 club is always out in the desert doing good stuff. Good work!

• Onions to the "Creeps" who dumped their trash in our desert, especially to the ones who left their dirty old hot tub and boat out there. Please stop. Where's your pride in our city? If caught, you'll be fined. They are watching.

• Orchids to the Havasu 4-Wheelers for their dedicated work annually on cleaning up the desert. I appreciate their work. Isn't it amazing how people would rather trash everyone's space rather than use the landfill.
