YOUR MONTHLY CLUB NEWSLETTER

January 2020

A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO ----- "TREAD LIGHTLY!"

President's Corner

Welcome to 2020!!! We begin a new decade. I hope that all of you had a fabulous holiday season and are looking forward to jeeping in 2020.

Our Holiday Banquet will be held at Shugrue's on Thursday, January 23. It will include a dinner of your choice (Prime Rib, Chicken, or Salmon). It will also include a salad, vegetable, potato, rolls and butter, and a dessert. The cost will be \$45.00 per person, which includes tax and gratuity. We will begin at 5:00PM with a no-host bar social hour and games. Coffee and tea will be complimentary. Dinner will be served around 6:15. Dress will be semi-casual. You can dress up as much as you like or come as if you were going out for a nice dinner. If you are interested, please contact Cheri Malsed and sign-up before 1/15/2020.

The club will be holding a Yard Sale January 31 and February 1, 2020. All proceeds will be used for running the club. We are very fortunate to have Paul and Joyce Stephens volunteering their home for the yard sale. Please drop off your items anytime, starting now! Earlier the better. All items will be priced and setup for presentation. Tables are desperately needed for all the goodies. Volunteers are also needed to help setup and to help on the days of the sale. The Stephens' address is: 2870 Squall King Drive. Telephone: 928 680-4415. Please bring any and all of your unwanted treasures.

A nominating committee has been formed with the intent of finding members of our Club to serve as officers for the next year. If you would like to serve as an officer or if you know of someone that you feel would make a good candidate for office, please contact any of the committee members. Charles Leipart is the chairperson and he is joined on the committee by Cheryl MacLean and Dave Bruno.

Don't forget Club dues are due February 1, 2020 and will be delinquent on March 1, 2020. Dues are \$45 and the membership renewal form can be found in this newsletter or at our January general membership meeting.

Be sure to check the club's website for upcoming events, trail runs and activities.

Sleeping Princess

On 12/3 we ran Tyro Mine & Sleeping Princess Trail. We met at Terrible Herbst at 8:30 And headed to Kingman. After topping off in Kingman, we headed up Hwy 68 through Golden Valley to the Tyro Mine turnoff. We made it to the Tyro Mine explored several of the shafts inside, had several conversations on how wet it was, the geology, and size of the operation. After we were done we made our way to the beginning of Sleeping Princess Trail. As we started climbing we realized that the trail had eroded past a 3.5 in several areas. This was from the recent rains in the area. Luckily everyone made it through. After an hour or so, the offer was made for some extra credits,(Bob Miller Extension, Hells Half mile) but there were ☐ no takers.....

We stopped for lunch and enjoyed the views & weather in the canyon. After lively conversations and a few stories from several in the group we started the second half of the run. Not long after Andy Lucas sliced a tire going around some boulders. Tom Bruno, Carl Gibbs and some others changed the tire and we headed off again. After a long climb up some long rough shelf trails we made it to the overlook and took in the beautiful views of Laughlin, Colorado River, The Black Mountains, and Golden Valley. We headed up what I so lovingly call the rock shoot , and after a short delay, (Club members deciding to move a rock by hand instead of driving over it) we made it to the top. Several minutes later I drove by a longhorn. I noticed in my side mirror that I was being followed and yelled at by the same longhorn. Needless to say he wasn't happy when the rest of the group followed. After traveling through the flatlands we noticed a large cabin on a hill which we later discovered was Don Laughlin's cabin. Don Laughlin donated it to the city of Bullhead several years ago for a poultry sum of \$1100.00. It appraised out at over 7 Million with the 1100 acres it sat on. After a stop for pictures at the Wayfarers Inn, Andy & Nancy Lucas made a statement about how they would send the pictures to their grandchildren and tell them it was their new retirement home. We finished the run without losing even 1 jeep. A personal record for the run leader. It was a great day with a great group of people.

A special Thanks to Carl Gibbs for being our tail gunner and keeping us all in line.

Richard Gill

Signal-Town Mine Cemetery Run

This is a cross country trip to Signal that hasn't been run in quite a while. 16 jeeps left Scenic Turnout heading East. No dust after a night of rain. The trail was wash board in places, rocky, steep and muddy. No complaints, everyone seemed to have a good time. Turned out to be a long cold day. Thanks to Ladell for tail gunning, and all those on the run.

4 WHEELER OF THE YEAR

Every year the membership acknowledges the person, they feel, has contributed the most to the club. Here are some pointers on how to make your selection for "Havasu 4 Wheeler of the Year". It is not an award for his or her off road driving skills. It should be based upon what they have contributed to the club during the past year. Are they active, participating members? Are they ready to lend a helping hand? Do they get involved?

This vote will take place at the Feb meeting, so start thinking about your selection. Voting forms will be available at the meeting.

HAVASU 4-WHEELER OF THE YEAR AWARDS: 1998 Gene Hobday, 1999 Warren Breen, 2000 Jim & Joan Burns, 2001 Curt Frilot, 2002 Leroy Larson, 2003 Don & Kitty Peterson, 2004 Mike & Kay Norman, 2005 Darryld Kautzmann, 2006 Snake & Willie Williams, 2007 Charles & Geri Leipart, and Dick Thomas, 2008 Jim Bowen, 2009 Bruce Speirs, 2010 Dennis Kreuzenstein, 2011 Ladell Olson, 2012 Bob & Wanda Scholl, 2013 John Strong, 2014 Cheryl MacLean, 2015 Bob & Janet Drew, 2016 Willie Williams, 2017 Willie Williams, 2018 Tom Bunnell

The Vote for the 2019 Havasu 4 Wheeler of the Year Will Occur by Ballet at the February General Meeting.

To: H4W Committee Chairs

From: Julie Jackson

Dear Committee Chair,

It's time for our term of service to end. It is customary for Committee Chairs from one year to the next to voluntarily submit a letter of resignation to the outgoing president so that the incoming president can appoint Chairs to the committees for the next year.

If you would submit a letter to me no later than March 10, 2020, stating you are resigning your Chair position, I can deliver them to the incoming president at the March meeting. If you want to continue in your present position, please indicate that in your letter. There is no guarantee that you will continue to serve, but will alert the incoming president of your willingness to serve.

Thank you for your service to the Club. Please mail your letters to the Club address.

Sincerely,

Julie

Also;

Be sure you contact the Nominating Committee if you wish to run for or nominate someone for a Board Position.

HOOKS vs. D-RINGS

When you're stuck, you need to get unstuck. Sometimes it's the other jeep that's stuck and you need to help them get unstuck. I was stuck once...or maybe twice. You can use that slow, expensive winch that you have never used before or you can use a strap. Straps are quicker and preferred by most run leaders. By using a strap, you can save precious time, seconds that can never be reclaimed... forever lost...for eternity. Most run leaders like to keep moving. They are frugal with time. D-rings (clevises) work well but are slow...you have to unthread the bolt attach the strap, and then rethread the bolt. Or, instead of the bolt, you can use a pin, sometimes call a 'bone'. You will save a few of those valued precious seconds with a bone and lessen run leader aggravation. Or better still, you can use a HOOK.

For several years, I chose not to consider the hook option. At first, I heard conversations that were purposely loud enough for me to overhear stressing the need for hooks. I was then very diplomatically told that hooks were 'like totally excellent'. And then...I suffered an expostulation from an old-school driving nimrod. His indignant voice reminded me of USMC Colonel Nathan Jessup testifying to a military tribunal. "You want the truth? You can't handle the truth! YOU WANT THOSE HOOKS. YOU NEED THOSE HOOKS!" (Well, that perturbed me.) I was beginning to feel less comfortable with my denial of the need for hooks. **Finally**, when he approached me and suggested that at the very least I should insert a bone instead of a bolt through my D-ring, that being left in the desert, permanently stuck, alone on a rock, abandoned in a hostile wilderness, when it was dark, and hot, or cold, with wild animals (terrifying tortoises, belligerent burros, et al.) sneaking about, and no one ever going to come back and fetch me, that it was just not Gucci. I surrendered. I'm going to have hooks welding on front and back...tomorrow or next year. I'm a man who can take a hint.

ROULETTE MINE

Friday, December 6 was a great day to be on the trails. Eleven jeeps with 16 members and two guests made the trek to the Roulette Mine. With the exception of four of us, none of the others had been on this trail. In our group, we had three prospective members who made the journey with no problems. Everyone enjoyed the scenery with numerous pictures being taken along the way. We were surprised with sightings of several burros throughout the trip.

My thanks to Craig and Jean Eggerman for tail gunning and to all who went along.

- Mandatory Vehicle Equipment - All vehicles on *H4W* runs must be 4-wheel drive & equipped with a CB radio, fire extinguisher, first aid kit, tow straps, and front and rear tow hooks or safe hitching point all in working order.

RATING	DESCRIPTION
1	EASIEST: Passable by stock vehicles. Gentle fairly wide grades.
2	EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winching. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winching. Vehicle width and wheelbase should be considered. Possible body damage.
5	HARD: All of the above. Probable body damage.
