A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO "TREAD LIGHTLY!"

President's Corner

Welcome to the 2021-22 Off Road season. This morning's temperatures have lowered into the 70's and the desert is starting to call. Our first meeting of the season at the Aquatic Center went very well and I thank all the members for coming. We voted in several new members which bodes well for the upcoming year.

Our trail leaders have started scheduling and leading trails. Many thanks to Tom Bunnell for starting off the season. We are looking forward to additional local runs being scheduled by more trail leaders.

All of our normal social events are back and the Ladies' luncheon, Men's breakfast and the Cook's night out have been well attended. The food events, yard sale and highway clean-up have been scheduled so please watch your emails and the club website for dates and information.

Our first out of town run event has been scheduled for Cottonwood, AZ starting October 17th with runs on four days starting October 18th. Further information can be found on the club website.

Many thanks to the Board of Director's and the Committee chairpersons for their ongoing work throughout the summer. Our club survives by the work of the volunteers and each one deserves our thanks.

REMEMBER

If you have a 4 Wheeling picture, article, or a even a joke you'd like to share, please submit it to Tim & Patty Maskell, at: newsletter@havasu4wheelers.org. Please no flipped over vehicles, off-color jokes or insensitive dialog. We're always looking for good stuff.

Tom Bunnell led the first trail of the season on 9.3.2021 and included portions of Highline, Snake Bite and Craggy Wash trails.

We had a good turn out and was off the trail by 11:30am. Temperatures were not bad, we all had a great time and it felt good to get back out to our beautiful desert.

Did you know... We have our own Group on Facebook. This is a great place to share stories and pictures of your runs (don't forget our club posting rules, no pictures of roll overs, accidents, injuries, etc.). Maybe you have a favorite recipe or just want to ask a Jeep question to the group. We would love to hear from you!

I look forward to reading your posts, Carl Gibbs

Bring your own beverages, plates, utensils, and club name badges.

It's Jeeping Season!

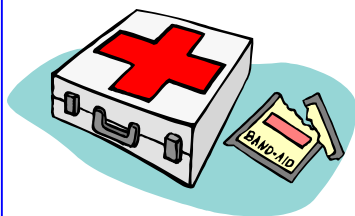

It's that time of the year again, as we Havasu 4 Wheeler's air up sleeping tires and dust off the equipment. Tighten up those bolts and nuts, check those fluid levels and get ready for jeeping.

One item of critical importance is your club required serviceable fire extinguisher. A year of off roading and rattling around can pack down its load of dry chemical power into a solid rock. And it will and does happen. Now that you have a brick of dry chemical that won't come out of the extinguisher's nozzle if you ever need it, what to do? Don't call 9-1-1 - just grab a soft rubber mallet and gently tap the sides of the extinguisher as you turn it in your hand. This is also the proper time to look at its inspection tag to determine if it is also due for recharging service. Does the gauge show "in the green"? No problemo, there are fire extinguisher service companies right here in Havasu. So do the right thing and make this a mandatory part of your seasonal preparation.

While you are at it, make that yearly inspection of your Havasu 4 Wheelers club required First Aid Kit. Check to ensure that any items you may have used last season are replenished, that any ointments, lotions, or antibiotics have not exceeded their useable dates, and that the contents are secure and protected from water and dust contamination. It is also mandatory that you carry at least a two day spare supply of any prescription medicines you must take regularly. Remember - your mother is not in the Jeep so it's up to you to take care of.

Happy Trails

COOKS NIGHT OUT

Our Cooks Night Out will be at Tavern 95. **OCTOBER 12TH AT 5:30.** We will have the entire Patio to ourselves. Our last Cooks Night Out was at Hanger 24 (see Pics) and we had a BLAST. I will return all pictures as soon as I have scanned a sample of what I am looking for, Thank You.....Tim & Patty

Arizona's State Cultural Icons

On one of the club's runs the run leader quizzed the group on the different cultural symbols of the great state of Arizona. Of course the run leader had all of the stuff written down so he knew all the correct answers. The state bird: some little wren. The state flower: the Saguaro bloom, and so on. He then asked about the state car. (Complete silence) He then proudly informed the group in his authoritative best voice—"The JEEP is the state car of Arizona." He then went on to pontificate about the glories of the Creosote plant.

Excuse me, but I knew of no other state that had a 'state car'. I was loath to dispute a previous 'Havasut 4-Wheeler of the Year' but.....

So, when I got home, I Googled it up. HE WAS RIGHT! In 1938 the provisional governor of the Territory of Arizona, Elvis Murphy Philo, declared by proclamation the state car to be the WWII army jeep. He insisted that all of his personal staff drive one on all official duties. However, when Arizona officially became a state, (around 1909 or thereabout) all of the official paper work on the 'state car' had been 'misplaced' and Elvis had long ago left the building. The Chief of Staff of the new Governor, Fredrick Armstrong Fender, was however aware of the jeep's official proclamation but he also remembered that the WWII jeeps were not air conditioned and did not have remote start key fobs, and he did not want to be forced to drive the jeeps like Elvis' staff did. He failed to remind the governor and everyone else that Arizona has a state car. Therefore, the state's official car was conveniently forgotten.

Only a few enlightened run leaders are aware of this.

L. Lott

note: I may have misstated some of the facts regarding dates and names...but whatever. Like Tom, I try to not let facts clutter up important hysterical historical information.

Ladies Luncheon

Our Ladies Luncheon took place on September 8, 2021 at Makai Café. They had white linens on the tables and pitchers of water waiting for us. Our waitresses were great and the food was beyond fabulous. We had 23 ladies attend and we were honored to have two special guests attend our luncheon. One was Nancy Hobday and the other was Meredith Harmon. We hope to see both of you again next month.

Our Lucky Winners were..... Drum roll please.....Cindy Eglske who won the \$10.00 from the club and Dana Adler won a custom coffee mug, a snoopy coffee coaster and a \$5.00 gift card to Starbucks. Congratulations Ladies.

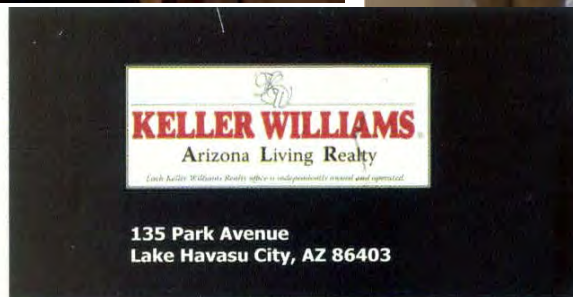

Special Thanks to everyone for wearing your badge. See you next month on November 17, 2021. Restaurant will be Ken's Pizza. Thank you all for making this a wonderful day

- HAVASU 4 WHEELERS TRAIL RATINGS -

- Mandatory Vehicle Equipment - All vehicles on *H4W* runs must be 4-wheel drive & equipped with a CB radio, fire extinguisher, first aid kit, tow straps, and front and rear tow hooks or safe hitching point all in working order.

RATING	DESCRIPTION
1	EASIEST: Passable by stock vehicles. Gentle fairly wide grades.
2	EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winching. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winching. Vehicle width and wheelbase should be considered. Possible body damage.
5	HARD: All of the above. Probable body damage.
