<p>A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO "TREAD LIGHTLY!"</p>		

President's Corner

It sure is great to be back on the trails this fall. Thanks again for the trail leaders that have stepped up and got our season going.

Our first out of town event of the season was held in Cottonwood and certainly was a success thanks to Charles Leipart and Mike Yahrmarkt and the trail leaders. We had an outstanding turnout and had great weather. If you missed it you might want to consider joining us next year.

Our second general meeting in October was well attended and I believe the Aquatic Center is working out well. We are planning to have all of the 2021-2022 club year general meetings there and will be securing the Rods and Relics room thru April 28th, 2022.

The end of October and November are busy months for the club starting with the 10th annual Ranch Day, the Adopt a Highway Clean Up, The Veteran's Day Parade, Thanksgiving Banquet and the November Men's' Breakfast. If you are not signed up for these events, please check out the Activities Schedule on our website for contact information. The Ladies Luncheon and Cook's Night Out will not be scheduled for November and watch for upcoming announcements for the December dates. The Trail Boss meeting and the H4W Board Meeting will be held the same day as the General Meeting due to scheduling conflicts in November so November 22nd (Monday) will be a busy day.

We have changed the policy on the Board Meeting minutes and will now be sent out sooner to the membership. As I write this message, the October H4W Board minutes will be sent out today.

Thanks again to all of our volunteers and trail leaders. I hope everyone has a great November and Happy Thanksgiving.

Ladies Luncheon

Our Ladies Luncheon was held at Ken's Pizza on October 7, with 24 ladies attending. The food was great and the service was quick. They added a second person to accommodate us. We took up all but three tables. We had one new guest this month which was Barbara Collins, Sue Collins mother in law and two from last month which all received welcome arrangements. Hope to see you all back next Ladies Luncheon. Our \$10.00 winner was Debbie Gleadle. Jane Bowen won the custom fall t-towel made by me. Annie Planas won the custom Halloween Plaque made by Dana. The three Halloween coin purses were won by Joanne Malara, Sue Collins, and Patty Maskell. The next luncheon will be held in December. November is our Thanksgiving Feast. Watch the emails for the December Date for our next luncheon.

CNO

What a FANTASTIC club we belong to. We had our Cooks Night Out on October 12, at Tavern 95. The evening was perfect for 58 of our members to have dinner and filling the patio up. They added a waitress and an extra cook to make sure we all enjoy our dinners in a timely matter. The sunset for our evening was typical Havasu style. PERFECT. Next Cooks Night Out is in December. Date and Place to be announced soon.

We are taking November off so we can all enjoy our Club Thanksgiving Feast. Arlene

REMEMBER

If you have a 4 Wheeling picture, article, or a even a joke you'd like to share, please submit it to Tim & Patty Maskell, at: newsletter@havasuh4wheelers.org. Please no flipped over vehicles, off-color jokes or insensitive dialog. We're always looking for good stuff.

JEEP LOCKERS

When you are out on a jeep run, have you ever noticed how bunny rabbits run? They have lockers on their REAR feet. Both of their rear feet move together providing really great bunny traction. I'm pretty sure they are little lilliputian kangaroos. I'm not sure if their lockers are pneumatic, Detroit, or e-lockers. Their lockers however are selective. They can turn them on and off. I've seen bunnies scratch their ear with only one foot, meaning that they actually have a selective open rear differential. Their default selection is however in the locked position. (I thought you might want to know that.)

Jeeps have greatly improved upon bunny traction. Many jeeps have lockers on the back and FRONT. Take that you wascally wittle wabbits

L Lott
(jeep driver)

note: The Energizer Bunny however does NOT utilize rear lockers. He (she) has an open differential. A bunny 'hopping' behind his (her) big drum would just be wrong.

No Bell Award

The No Bell Award goes this time to two unknown gentlemen who stopped to help us change a trailer tire on our way back from Cottonwood on I 89 near the I 40. They finished the job and we were all on our way, and they wouldn't even let me buy them dinner. There is still hope for humanity. Also, thanx to Cindy Urban and Joe Egilske for they're help.

Tim & Pat Maskell

Cow Bell Award

The Cow Bell Award goes this time to Ladell Olson. It seems that Ladell was following Tom up an obstacle when for some reason Tom needed to back down. After conversing, Ladell and Tom started backward to the bottom. When Ladell reached the bottom Tom kept coming and bumped into Ladell, causing...., well you can see Tom's picture. I asked Ladell about it and he just said "Oh Well"

COTTONWOOD 2021

Diamondback Gulch, Outlaw Trail, Broken Arrow and Blue Monster were just some of the trails that sixty-three H4W members spent time running during the week of October 17, 2021, in Cottonwood, Arizona. The weather was perfect and the scenery spectacular.

Several runs were in the higher elevations where fall had begun to change colors of the oak trees in the area. We spotted deer and wild turkeys, so the wildlife viewing was great as well.

Some of the attendees took a day off from jeeping and spent time visiting the area from Sedona to Jerome checking out the shops and points of interest.

Thanks to all of our run leaders, Mike Yahrmarkt, Bill Roberds, Kris Winchak, Darryld Kautzmann, Chris Storm, Steve Riley and Mike and Cheryl MacLean. Without their help this event could not have taken place

Charles Leipart

Mingus Mountain

On Monday October 18, 8 vehicles carrying 16 Havasu 4-Wheelers ascended up Mingus Mountain in Cottonwood. The scenery was spectacular as the trees were displaying their fall foliage. Wild turkeys were spotted along the way. After lunch, we all descended down into the town of Jerome on our way back to Cottonwood. Thank you Fred and Trish Reister for tail gunning

Mike and Cheryl MacLean

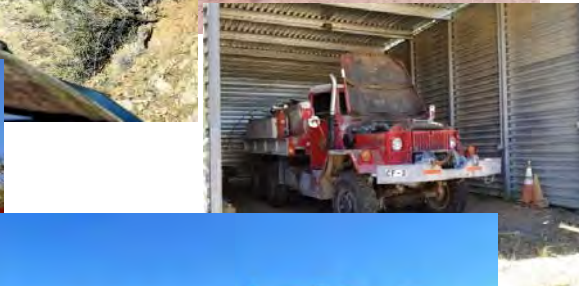

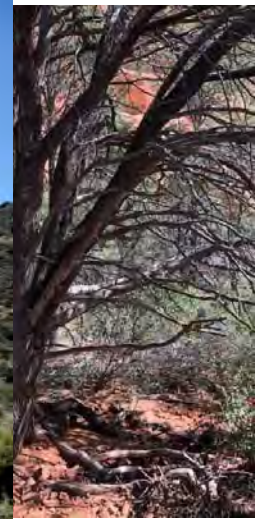

Cliffhanger

On Tuesday October 19, 3 vehicles carrying 9 Havasu 4-Wheelers took on the Cliffhanger trail. This is a very short run, only 6 miles so we stopped at the top of the trail and visited for quite some time. After getting back to the highway and airing up, we all decided to drive to the Sedona airport for lunch. Another beautiful drive with beautiful scenery of red rocks and blue skies.

Thank you Tim and Pat Maskell for tail gunning

Death of Members

It saddens me to inform you that two of our members have passed. Leroy Larsen and Dick Thomas passed away in October. Please keep the family's in your thoughts and prayers.

Cindy Egilske

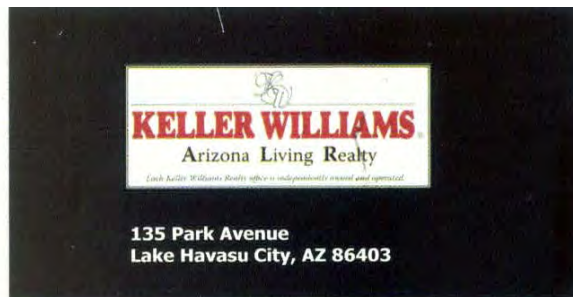

Dick Thomas, a longtime member of the Havasu 4 Wheelers, passed away Thursday 10/28/21 from COVID. Dick and Maryann Black, his partner of 20 years, joined the Havasu 4 Wheelers in 2001. Dick served as run chairman for several years. Dick will be missed by his family and friends

Leroy Larsen, passed on Wednesday evening 10/27/21 in California. Leroy and his wife, Myrna, joined the club around 2000. He served terms as Run Chairman and President, while Myrna served as Sunshine Chair.

There will be a memorial service for them on Saturday, November 6th, at 11:00am at Calvary Baptist Church. A reception will follow the service. More info can be found in the obituary to be published in the newspaper.

For those who knew Leroy and Myrna, condolences may be sent to their son, Mark, at his email address: nesralkram@gmail.com

- HAVASU 4 WHEELERS TRAIL RATINGS -

- Mandatory Vehicle Equipment - All vehicles on *H4W* runs must be 4-wheel drive & equipped with a CB radio, fire extinguisher, first aid kit, tow straps, and front and rear tow hooks or safe hitching point all in working order.

RATING	DESCRIPTION
1	EASIEST: Passable by stock vehicles. Gentle fairly wide grades.
2	EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winching. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winching. Vehicle width and wheelbase should be considered. Possible body damage.
5	HARD: All of the above. Probable body damage.
