

President's Corner

Many thanks to event chairs Sarah and Ken Corripio for the epic Moab event and to Bob and Janet Drew for chairing the Blanding and Sand Hollow events.

The events were awesome and very well attended. Additional thanks go to our great trail leaders at all of the events.

With the experience we learned from the Sand Hollow event I believe we can greatly improve the runs and leadership for next year. I think we all agreed the Sand Hollow event should stand alone and we will be looking to set a date apart from the Moab event. The Hurricane, UT area is awesome, and the mix of motels and RV parks make it a very good fit for our club. I also believe the trails are more challenging than the published ratings and they will be revisited prior to our future event.

The summer months will provide time to start the planning for next year. I will start contacting our committee leaders to establish dates for the events outside of Moab and Death Valley for which I have sent out information recently. I will also start working on additional details regarding the Panamint / Death Valley and publish emails as I can.

I hope everyone has a great summer and I look forward to the next off roading season starting in September.

Charles & Geri Leipart

We wish a fond farewell to our active members Charles & Geri Leipart and wish them well in their new home in Henderson, NV.

They joined the club in Jan. 2004 and were active over these many years. Charles served as Pres. In 2009 – 2010 and again in 2018 – 2019 plus served on the Board on 2 other occasions and was in charge of CNO officially and unofficially. The unofficial part came into play when the heat of the summer was upon us, they felt the club members would still like to get together, so they took it upon themselves to organize a CNO. Due to desire to be active and spur friendship in the club he was awarded “4 Wheeler of the Year” in 2007. Behind every great man is a

women and Geri was always there to support him and was also very active in the behind the scene events like the Turkey Roast and Award Banquets and probably several more.

We all remember the 5 out of area jeep outing (Tombstone & Cottonwood) that he put on for the club. He didn't limit his participation to out of town events and lead many runs for the club. Whenever he lead a run with Bill Mitchell as his co-pilot you could always be guaranteed a fun run with a few turn arounds, territory not seen before and a lot of laughter.

Charles & Geri always had a smile and made you feel like a friend. They will both be missed. Now if you are ever in Henderson and see a fellow walking down the street with a fluorescent green shoe lace on one shoe and fluorescent orange on the other shoe it's probably Charles.

Korean War veteran takes flight to Washington, D.C.

By LA'ERICA CONNER-SIMS

TODAY'S NEWS-HERALD SUNDAY MAY 1st 2022

Local Korean War veteran Tom Brown will be traveling with a group of 175 veterans as a part of Honor Flight Arizona's trip to Washington, D.C. later on Sunday.

Brown, who will be accompanied by one of his daughters, feels excitement over his three-day visit to the U.S. capitol.

"When I was (in Washington, D.C.) before, the Korean Memorial was just being built and it was still in it's infancy stage," Brown said. "To see how it is, what it is, being an ex-Marine, I would like to see what it's like."

The 89-year-old veteran states that Sunday's flight is expected to be the largest number of veterans participating in the trip, with the majority being other Korean War veterans.

"There are more Korean vets on this run than there are (from the) Second World War," Brown said. "There are a few Vietnam vets that are going on this flight, but very few."

Brown served in the Marines shortly after graduating from high school in 1950. He was first deployed to Kobe, Japan before heading to northern Korea.

"I spent my whole 18th year in Korea, I was young and when you're that young you look at things a little different than you do as you age a little bit," Brown stated.

The veteran goes on to say how he first compared his initial thoughts about the military to a "camp out."

"When I first went over, I'll be very honest with you, 'I'm going on a camp out!' and until I got there and then found out things were a little different than a camp out," Brown remembered. "I didn't realize as a 17 year-old kid just out of high school, I didn't realize exactly what it was we were getting into."

While enlisted in the Marines, Brown served as a Private First Class. After spending 14 months in the Korean War, he returned home in November 1951 and was discharged in February 1952.

After leaving the military, Brown married his late wife and started a career shortly after with the Los Angeles County Fire Department.

"I had always wanted to be a fireman so I got in the fire department and spent 30 years there," Brown said.

Brown attributes his growth in life to his lived experiences with the Marines.

"It made me grow up because I was a kid when I went in," Brown stated. "I found this out later in the Fire Department, I was a captain and I would have new recruits coming through working at my station through the years and I could see the difference of the men coming through that had military service and those that hadn't."

The veteran states that he had to grow up faster than the other students who attended his high school.

"I think that happened to me also. I went over as a 17-year old and I came back as a 25-year-old," Brown continued. "I passed all of the guys that were my age in maturity."

Brown has been a resident of Lake Havasu City since 2013, relocating to the town after his wife passed away after she was diagnosed with breast cancer.

"When my wife passed away, I said, 'I don't want to live in Reno or in Nevada', so I came down here and bought a house," Brown said.

Since moving here, Brown has become a part of his local community and currently participates in boating as well as a local jeep club.

"I belong to an organization here, Havasu 4 Wheelers, which are guys with jeeps that go out as a group into the desert," Brown said.

Brown originally applied to go on the trip with Honor Flight Arizona after speaking with a fellow Marine who recommended he should apply.

"I signed up for this in 2019 and then of course the covid came in and wiped it out so they brought it back," Brown said. "I'm looking forward to it because I'm taking my daughter with me."

When looking back on his time with the Marines, Brown is hesitant to speak about it but recognizes how much it changed him as a person.

"I was still very young and when I came back, I wasn't very young anymore, I matured a little bit," Brown said. "That's what I say now. I'm not getting old, I'm getting more mature."

Tom Brown, 89-year-old Korean War Veteran is Traveling to Washington D.C. as part of The Honor Flight Arizona

And just when some of you thought you had heard the last from him.....

PALOMA WASH PETE

Well howdy there folks. I'm known around here as Paloma Wash Pete.

Gets pretty lonesome out here so to pass the time I gets my learning book out and reads up some. I used to git all a flummoxed something awful about the desert, rocks, critters, plants and such but now I knows a fair spell so sit back and enjoy some schooling.

This month I want to tell you about the rare and unique find made by Gail Sims while 4X4'ing east of Moab enroute to Polar Mesa. She described seeing a yellow headed creature with a turquoise green body. At first I thought she might have seen a leprechaun wearing a golden blonde wig. But her luck held as the sighting was confirmed as a bigger find than a pot of gold! She spotted the elusive *crotaphytus collaris*! Ye Haw! Here's a picture of the little fellow and you can see he is quite colorful indeed.

They are native to the western states. An interesting fact is that they are bipedal - when in danger they stand up and run on their hind legs at up to 15 mph. here's a video of a related variety doing just that -

www.youtube.com/watch?v=RmNczmBvOUU

PS - I've missed you all due to these crazy times but had fun reconnecting in Moab!

Jim Bowen said like a bad rash - I just keep coming back!

Moab

What a terrific start to our Moab Adventure. Just a little bit of wind! Being one of the largest Havasu4Wheeler events, registration and trail sign-up went on without a glitch. We want to thank everyone for the overwhelming positive feedback on the rally. It is much appreciated.

We want to thank our hardworking volunteers: Pam & Phil Hill, Su-Lynn & Butch Ortiz, Jane & Jim Bowen and Diane McCue. Special kudos to City Market for the yummy chicken and our members for bringing lots of good food.

Some folks were asking about the BLM fee. All groups of 25 vehicles or more that visit Moab are *required* to register their dates 5 years in advance and provide a copy of their event insurance coverage. BLM has designated a special group of employees to administrate all of the hundreds of groups that come annually. They assure the trails do not get overloaded on any particular week. The \$6 fee is designated to support costs of this special recreational area and is not part of the BLM's daily operations which is covered by our Federal taxes.

Trail leaders, please remember to return your signup sheets to Steve Locantore, Spanish Trail RV, Site 408.

We hope everyone has a safe and fun week. We will see you at the BBQ on Friday.

Label

- HAVASU 4 WHEELERS TRAIL RATINGS -

- Mandatory Vehicle Equipment - All vehicles on *H4W* runs must be 4-wheel drive & equipped with a CB radio, fire extinguisher, first aid kit, tow straps, and front and rear tow hooks or safe hitching point all in working order.

RATING	DESCRIPTION
1	EASIEST: Passable by stock vehicles. Gentle fairly wide grades.
2	EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winching. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winching. Vehicle width and wheelbase should be considered. Possible body damage.
5	HARD: All of the above. Probable body damage.
