The Havasu 4 Wheelers **TRAIL TALK**

YOUR MONTHLY CLUB NEWSLETTER

September 2022

A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO "TREAD LIGHTLY!"

President's Corner

I am writing this from Newport, North Carolina and Hurricane Ian just made landfall near Charleston, South Carolina. Our weather here is currently windy and moderate rain with forecast of another day of gusts up to 35mph and more rain. Hopefully we will ride it out and start our journey home in a few days.

I hope your summer has been great. Ours was spent on a 71 day trip touring Canada and Alaska. We traveled a lot of miles, saw very amazing sites, visited the Warrens in Homer and made many new friends on the tour.

The first 2022-23 year club meeting was held last month and was well attended with over 80 members. Our trail leaders are already leading trails and the trails are ready to be explored. Some of the trails are needing repairs and I see that our members are already working to make them usable.

Don't forget to visit the website calendar often and remember the Highway Clean Up to be held October 12th. Contact Steve Locantore for additional information. 562-833-0433

Our next meeting on October 20th will have a lot of information available on upcoming events with several sign-up sheets for events such as PVD, Death Valley, Cooks Night Out, and probably trails to be run. I urge all members to attend.

Arlene and I are determined to make this club year as fun as last year but all things must come to an end. Neither of us will be running for positions next year and we will start seeking nominations for our positions at the next meeting. Our club is only as strong as it's volunteers.

Please consider volunteering and running for office next year. We need your help.
See you at the meeting.

Of the Year
2022-2023
Chris and Arlene Storm**

REMEMBER

If you have a 4 Wheeling picture, article, or a even a joke you'd like to share, please submit it to Tim & Patty Maskell, at: newsletter@havasu4wheelers.org. Please no flipped over vehicles, off-color jokes or insensitive dialog. We're always looking for good stuff.

Tim & Patty

It's Sleeping Season!

It's that time of the year again, as we Havasu 4 Wheelers air up sleeping tires and dust off the equipment. Tighten up those bolts and nuts, check those fluid levels and get ready for jeeping.

One item of critical importance is your club required serviceable fire extinguisher. A year of off roading and rattling around can pack down its load

of dry chemical power into a solid rock. And it will and does happen. Now that you have a brick of dry chemical that won't come out of the extinguisher's nozzle if you ever need it, what to do? Don't call 9-1-1 - just grab a soft rubber mallet and gently tap the sides of the extinguisher as you turn it in your hand. This is also the proper time to look at its inspection tag to determine if it is also due for recharging service. Does the gauge show "in the green"? No problemo, there are fire extinguisher service companies right here in Havasu. So do the right thing and make this a mandatory part of your seasonal preparation.

While you are at it, make that yearly inspection of your Havasu 4 Wheelers club required First Aid Kit. Check to ensure that any items you may have used last season are replenished, that any ointments, lotions, or antibiotics have not exceeded their useable dates, and that the contents are secure and protected from water and dust contamination. It is also mandatory that you carry at least a two day spare supply of any prescription medicines you must take regularly. Remember - your mother is not in the Jeep so it's up to you to take care of.

HAVASU4WHEELERS: Donations Committee -Donations Criteria-

Lake Havasu City, Arizona is home to many worthy non-profit charities and community-service organizations in need of funding. Given the abundance of worthy non-profit charities and organizations, the following serves as the criteria for determining donations granted on an annual basis by Havasu4Wheelers:

1. The recipient charity/organization helps Havasu4Wheelers achieve its stated objectives pursuant to the Havasu4Wheelers' By-laws. Specifically, the recipient charity/organization is an IRS-approved public or private non-profit entity in good standing with a proven history of furthering one, two or all of the following objectives:
 - a. provides educational and recreational activities designed for the purpose of enjoying four-wheel drive, motorized, off-highway venues,
 - b. participates in and supports civic activities for the betterment of the Lake Havasu City community,
 - c. helps members of Havasu4Wheelers to enjoy and protect natural resources while also working to support and promote the multiple use principle as applied to Public Lands.
2. The recipient charity/organization has been identified by the Board of Directors for Havasu4Wheelers as a donation priority charity/organization.
3. The recipient charity/organization does NOT actively engage Lake Havasu City voters in partisan politics nor does it teach/preach one religious doctrine.
4. The recipient charity/organization will agree to allow Havasu4Wheelers to announce, promote and publicize the donation made by Havasu4Wheelers in any responsible manner as directed by the Havasu4Wheelers Board of Directors (including photography of the official check presentation, social media postings as well as both traditional and new/emerging media placements).

RATING	DESCRIPTION
1	EASIEST: Passable by stock vehicles. Gentle fairly wide grades.
2	EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winching. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winching. Vehicle width and wheelbase should be considered. Possible body damage.
5	HARD: All of the above. Probable body damage.
