The Havasu 4 Wheelers **TRAIL TALK**

YOUR MONTHLY CLUB NEWSLETTER

A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO "TREAD LIGHTLY!"

President's Corner

A big thanks to Bob and Janet Drew for coordinating the Moab event, the last and biggest event of the season with over 40 jeeps attending. And thanks to all the run leaders and those who helped with the event. Many members believe Moab is some of the most scenic and enjoyable off-roading to experience. From the pictures I viewed on social media, and from our members personal testimonies, the trip was amazing and memorable. I am happy to write, our members enjoyed 5 planned days of off-roading, 20 runs were completed and everyone made it home unharmed.

This is the end...of another great off-roading season in the Havasu area. The weather has changed, the event calendar is empty, many club members have left for cooler climates of the North and the remaining members are planning trips and/or preparing for lake time. It is time to rotate the toys in the garage and enjoy the water.

A belated Happy Mother's Day to all our Moms and an early Happy Father's Day to all the Dads. Enjoy your Summer months, we will start back up in September. Lastly, now is a great time to start planning events for our club and find a spot on the calendar. Are you willing to plan and lead a run? This club only functions with the great volunteers we have, please challenge yourself to be a future leader.

Thanks for all you do!

Mark Adler

OBITUARIES

DONALD GENE FLOOD

December 17, 1935 — April 13, 2023

Donald Gene Flood, 87, of Lake Havasu City, Arizona, passed away on April 13, 2023. He was born in Apache, Oklahoma, on December 17, 1935, to Theodore and Fern Flood.

Donald was a family man and a loving husband to his wife Louise for 68 years. He was also a beloved father to his children, Terry, Steve, Juli, and Robin, and a cherished grandfather to his 5 grandsons, 4 granddaughters, and 9 great-grandchildren. He is survived by his sisters Nancy and Joanne, brother David, and daughter-in-law Lyn, all of whom will

miss him dearly. He was preceded in death by his parents, in-laws George and Georgina Graham, and brother-in-law Stuart Graham.

Donald was a man of many interests and hobbies. He loved planes, boating, hot rods, and jeeping. He was an active

member of the Havasu 4 Wheelers for 17 years and later became the president of the River City 4 Wheelers. Donald was a River Rat and enjoyed boating and skiing in Lake Havasu since the early 60s.

Donald proudly served his country in the United States Air Force for 12 years as a Staff Sgt. After his honorable service, he worked as a technical engineer for Xerox, from which he retired before relocating from Atascadero, California, to Lake Havasu, Arizona.

Family and friends will gather to celebrate Donald's life at Bradbury Memorial in Lake Havasu, Arizona. His passing has left a void in our hearts, and he will be greatly missed. May he rest in eternal peace.

Well we finally did chalk hills again. I found out it is quite easy to get a 2 day permit to traverse the reservation. All you need to do is go to the store near the old casino tell them how many jeeps are going and pay 10\$ for each one the leader gets the permit for the whole group. Mike Y.

RATING	DESCRIPTION
1	EASIEST: Passable by stock vehicles. Gentle fairly wide grades.
2	EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winching. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winching. Vehicle width and wheelbase should be considered. Possible body damage.
5	HARD: All of the above. Probable body damage.
