# The Havasu 4 Wheelers **TRAIL TALK**

**YOUR MONTHLY CLUB NEWSLETTER**

April 2024

A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO ..... "TREAD LIGHTLY!"

## **P**resident's Corner

Hello H4W's!

I am not much of a writer but I will give this a try! Thanks for trusting me to be your president I will do my best to continue the club traditions. I would like to start off by thanking Mark, all of the cabinet members and committee members for a great 2023-2024 season. I look forward to working with the elected board members and all the committee members for the 2024-2025 season.

Congratulations to Steve and Doris Hirt our Havasu 4 Wheeler of the year! Thanks for everything you do for the club! Job well done!

The end of February and March was a busy for the H4W's. Thanks to Sue Collins and her help for hosting a great turnout for Pizza in the Park. Stephen Locantore and members once again did an excellent job at the Highway Cleanup. Bill Roberts, about a dozen members and Arizona Fish and Game braved the rain and headed for Ranch day to help do maintenance at Cane Springs Ranch. Dave Bruno and his helpers did a stellar job again this year with the Hot Dog Run. There were 4 different jeep runs all heading to the cabin to eat Hot Dogs. Ladies Luncheon Hosted by Doris Hirt beat the Men's Breakfast hosted Gary Wiskus for members attendance. I would like to personally thank all the trail leader's that put on 16 runs this month. Let's keep Jeeping and give these leaders support and attend their runs!

It's official the club passed for all jeeps to have a GMRS radio in there jeep by September 1<sup>st</sup> of this year the radio can be hard mounted or a hand held unit. For anyone interested in purchasing a Midland Radio MXT 275 or any other radio the following discount code may be used for a 15% discount on non-sale items on their website. Available now through May 1, 2024. Promo code: HW415. If you have any questions you contact myself or Bob Drew.

The Budget has been worked on by the board and several members and will be voted on at the April meeting I will send it out for review for members before the April meeting.

The Moab club run is coming up the first week in May. If you have never been I recommend you put it on your bucket list it is an amazing place. If you have any questions or comments about this year's event please contact Bob Drew.

We have been blessed with all help we receive from club members on committees. We will be needing to fill in a few spots for this coming Jeeping season. Anybody that would like to volunteer or help would be much appreciated. You can contact me anytime with questions about volunteering.

Ok I think I have rattled long enough! Be safe out there! Safe travels to Moab! Thanks for reading!

Any questions about anything you can always give me call or send me email.

Dave Blake, President

**On the way to the Hot Dog Run on Redline, Steve Wirick broke an axle. This is the crew that got his Jeep home, Jack Burns, Rob Glumack, Ken Barrault, and Vicki Burgess. Steve gave them each a \$25 gas card in appreciation.**

**The No Bell this time goes to Rob Glumack, Jack Burns, and Ken Barrault for coming to Sue Collins' rescue when Gabby, her dog, pulled Sue down. She was OK but lost her earring. Tom Bunnell ended up finding the earring.**

## No Bell Award

**The Roll Over Award goes to Jim Young who flops into a rock, more like a leaner. A couple of his friends pulled him down, and they kept on going.**

**So in retaliation, the Cow Bell goes this time to Tom Bunnell who told Jim a run was an easy 4.0 but turned into a hard 5.0**

**- HAVASU 4 WHEELERS TRAIL RATINGS -**

- Mandatory Vehicle Equipment - All vehicles on *H4W* runs must be 4-wheel drive & equipped with a CB radio, fire extinguisher, first aid kit, tow straps, and front and rear tow hooks or safe hitching point ..... all in working order.

RATING	DESCRIPTION
1	<b>EASIEST:</b> Passable by stock vehicles. Gentle fairly wide grades.
2	<b>EASY:</b> Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	<b>EASIEST MODERATE:</b> 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	<b>MODERATE:</b> Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	<b>HARDER MODERATE:</b> For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	<b>HARDEST MODERATE:</b> Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winchng. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	<b>DIFFICULT:</b> Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winchng. Vehicle width and wheelbase should be considered. Possible body damage.
5	<b>HARD:</b> All of the above. Probable body damage.
