TRAIL TALK

Your Monthly Club Newsletter

A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO "TREAD LIGHTLY!"

President's Corner

Hello H4W's,

November was a great month for our club. Lots of events and jeep runs have happened. We had the Veterans Day Parade with 15 jeeps in attendance. Thanks to all the members that attended to celebrate and honor our Veterans. We had our annual Turkey Roast with over 100 members in attendance. Thanks to Doris Hirt, Joyce Stevens, and all the club members that helped set up, clean up, cook turkeys, hams, and brought side dishes. It was an excellent event and everyone had an enjoyable time. I don't think anyone went home hungry! There were also our ladies luncheon and men's breakfast that were well attended by club members. Thanks to everyone that helps put these events on for the club.

Our amazing club members showed up in full force for our annual Toys for Tots toy drive, donating a large number of toys for distribution by the local Marine Corps League. Please bring your non-perishable items for our food drive at the December membership meeting. Thank you for your generosity. Many thanks to Patti Jo Glumack for supervising these worthy causes.

We had 9 jeep runs put on by our talented trail leaders for the month of November. The December calendar is starting to fill up, make sure you keep checking the email I send out and the website calendar to stay up to date on upcoming events. Thanks to all the trail leaders that keep us on the trails.

The Havasu 4 wheelers, "Aloha! Holiday Dinner Party" will be Saturday, January 31st. It will be at Shugrue's Banquet Room on the island. This year's theme will be Hawaiian, so dust off those old Hawaiian shirts you have in the closet and wear them to the party! Included in the \$75/pp is your meal, tax, tip, set up, clean up and as much fun as you want. You have a choice of prime rib, salmon, or chicken with all the fixings.

You can either mail your payment to Havasu 4 Wheelers PO Box 1486, Lake Havasu City, AZ 86405, or pay with Zelle to president@havasu4wheelers.org or personally hand your payment to Tammy Blake at the December membership meeting on the 18th. Make checks out to Havasu 4 Wheelers. Make sure to fill out the flyer and include all first and last names of people attending and the entree of your choice. That information will be used for the dinner tickets. Hope to see you there! If you have any questions, feel free to give me a call.

Continued on next page...

Our next general meeting is Thursday, December 18th, 2025 at 6pm at the Aquatic Center. Thanks again to all our volunteers and trail leaders. I hope everyone has a safe and great December.

Tammy and I wish you and your family a Merry Christmas and a Happy New Year!

*Thanks,
Dave

Havasu 4 Wheelers Helping Out And Supporting the Community

Just a reminder, we will be collecting non-perishable food items at our December members meeting. More info to follow. Any questions, contact Patti Glumack

Merchandise Available during

The Hakala's H4W "Club Stuff"

We want to be sure members can get the coveted H4W Merchandise at the membership Meetings. Come see us.

You can now order your gear via email to: Hakala@havasu4wheelers.org

Please Provide Style, Size, Color, Men's or Women's Or.....Paul & Carol will be available at the general meetings for sales.

- Short or Long Sleeve T-Shirts
- Polo Shirts
- Tank Tops (Men's Sizes Only)
- Hats
- Stickers

We can work out arrangements for pickup
**We Still Have Plenty of Merchandise in Stock.

DESERT BAR RUN—Led by Steve "Loco" Locantore
Rating 3.5 11/8/25
Mostly following the "Rock and Roll" track ending at the Desert Bar.

DESERT BAR RUN CONT....

Copper Basin—Led by Mike Nehring
Rating 3.25 11/10/25

A fun run past many old mining areas, views of Monument Peak and Lake Copper Basin, tailing examination ruins, and some rock challenges along "Little Moab".

Yucca Mine, Scott's Well—Led by Mike Yahrmarkt
Rating 3.25 11/14/25

Across the desert to visit Yucca mine and the remains of an old Arrasta and a small cemetery. Then on across some rocky areas to Scott's Well to explore an old structure and remnants of the well.

Thank you to Linda Forbes and Patti Glumack for the pics!

Tyro Mine-Led by Mike Ahrens Rating 3.25 11/15/25

12 vehicles participated. The Tyro mine is located northeast of Bullhead City, west of the Lake Mead Recreation Area. Mike Ahrens and a crew of pre-runners previously explored the area with the intent to find some additional "interesting" routes in or out of the mine. A few weeks before the run they found it, so participants were treated with a section of trail which included steep up and down hill inclines, narrow shelf roads, and narrow rustic two tracks roads with spectacular views. After that we took a side trip to the Tyro Mine where we had lunch, and the explored the mine. The group had a great lunch break, which was interrupted by a light rain, so the group set out to explore the mine.

New mining activity nearby?

* Just a flat tire that was handled quickly under the management and watchful eye of Wyatt Ahrens.

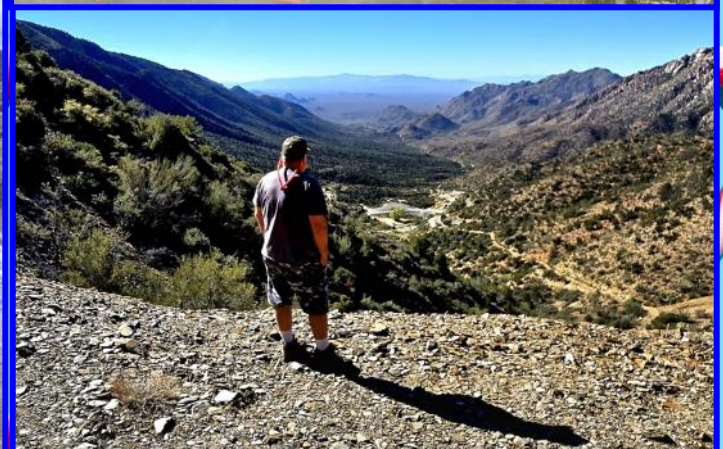

Tyro mine cont... The mine exploration went very well with lots of things to discover. The mine has multiple layers and several wood and concrete developments. We even found that it wasn't raining in the mine... After that the group continue through a very scenic valley leading to our exit at Hwy 68, where we aired up in a light rain. The group headed home in increasing rain, becoming strong about halfway home. Good news, our vehicles got well washed on the way home.

All in all we had a great and exciting day. I want to thank all of the participants for their participation and friendship.

**Boriana Mine Run—Led by Brian Springer
Rated 3.25 11/16/2025**

**10 Jeeps climbed up Boriana Mine Rd. to the old mill ruins, the goldfish pond and up to the horizontal mine shaft, before having lunch near the abandoned miner's cabin up on top.
A good time was had by all.**

Copper Basin & Earp Falls—Led by Bob Drew Rating 3 11/20/2025

This trail was on the California side of Parker. The first stop was a place for a small hike to some rock art made by Canadian Snowbirds. Then we ran up a couple of washes to Earp Falls. There were several small water crossings in the wash along the way as well as a dry waterfall to play on and try out our skills. Last we headed over to Copper Basins dunes to play in the sand.

San Francisco Mine and old town of Cedar —Led by Rob Glumack
Rating 3.25 11/28

We had 12 jeeps on the run that went down Alamo Road toward Chicken Springs road, 1/2 way to Wikieup and then to the mine. The mine site was at the base of the Hualapai Mtns. on the SE side. There were old buildings and mine area to explore. Plus a nice place for lunch.

2 lunch spots - most people had a turkey sandwich for lunch - day after Thanksgiving.

Building remains at the mine site.

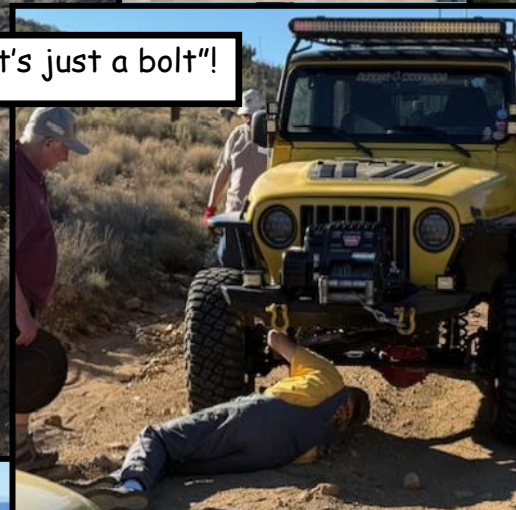

One of many large rocks in the middle of the road.

Dust not tooo bad!

"It's just a bolt!"

Tunnel opening of the mine.

Lunch spot #2

Beautiful views!

Mike Yahrmarkt

Interesting ride today, Jack Burns and I went to Mohave wash just south of hot dog cabin to see an old wash plant used for gold mining. It is all intact probably could be salvaged.

HAVASU 4 WHEELERS, PROUD MEMBERS

- HAVASU 4 WHEELERS TRAIL RATINGS -

- Mandatory Vehicle Equipment - All vehicles on H4W runs must be 4-wheel drive & equipped with a CB radio, fire extinguisher, first aid kit, tow straps, and front and rear tow hooks or safe hitching point all in working order.

RATING	DESCRIPTION
1	EASIEST: Passable by stock vehicles. Gentle fairly wide grades.
2	EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving.
3	EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane.
3¼	MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop-offs and tight clearance between rocks.
3½	HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated.
3¾	HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winchng. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances.
4	DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winchng. Vehicle width and wheelbase should be considered. Possible body damage.
5	HARD: All of the above. Probable body damage.

Did you know Arizona once had a Navy?

In 1934, the federal government began construction of the Parker Dam to divert Colorado River water to Southern California. Neither the federal government nor California had secured Arizona's approval to build on its land.

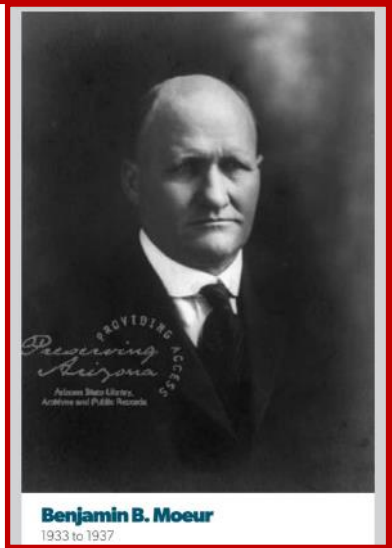

Governor Benjamin Moeur was outraged. He dispatched six soldiers from the Arizona National Guard, who confirmed that the dam was indeed being built on Arizona soil. Attorney General Arthur La Prade declared that the Metropolitan Water District had no right to proceed.

On November 10, 1934, Governor Moeur declared martial law and ordered 100 National Guard troops from the 158th Infantry Regiment in Phoenix to the site. In a telegram to President Franklin Roosevelt, he wrote:

"I therefore found it necessary to issue a proclamation establishing martial law on the Arizona side of the river and directing the National Guard to use such means as may be necessary to prevent an invasion of the sovereignty and territory of Arizona."

Soon, 40 riflemen and 20 machine gunners lined the Colorado River bank. Some troops boarded boats – and thus the Arizona Navy was born.

The two boats used for inspection were owned by Nellie T. Bush and her family, operators of a local steamboat company. Observers jokingly dubbed Nellie the "Admiral of the Navy" that day. She later served in the state legislature and was inducted into the Arizona Women's Hall of Fame in 1982.

**As a former Southern Californian, I enjoy learning about Arizona's history. This article and others to follow are thanks to Willie Williams and her treasured "Notebook", which preserves so many details worth sharing.*
