# Havasu 4 Wheelers

# TRAIL TALK

Arizona
Oct 2026

A FAMILY FOUR-WHEELING CLUB DEDICATED TO THE MOTTO ••••••••• "TREAD LIGHTLY!"

## President's Message

Hello H4W's,

October arrived and ended much faster than I expected. I'm back in Havasu and getting into the swing of things and was able to be at both the board meeting and the general membership meeting. We had a good attendance for the General Membership Meeting and had 3 potential new members attend. Seeing new prospective members is exciting as it shows how viable our club is. I want to thank Ken Barriault for conducting the September meeting. As always, Ken did a great job!! The run list is starting to fill in. Thanks to everyone for the effort in putting on those events. The club is always asking for more run leaders and at this month's Trail Leaders meeting we had 2 potential new leaders in attendance. Great to see it. Cottonwood, our "Out of Town" event has exploded with attendees. If you plan on going, make sure to let Mike Yahrmarkt or Dave Blake know. Our social events continue with Ladies Luncheon, Cooks Night Out and Men's Breakfast…… the monthly mainstay's of our club. Coming up is the Halloween Fright Night and a shout out to Pete Lamont for all his work on this event. He collected quite a stash of candy at the membership meeting. Two more big events are in the works; the annual Veterans Day Parade (18 jeeps have signed up) and the annual Turkey Roast which this year will be held on November 7th. Volunteerism, is defined as the practice of freely giving time, effort, and skills to help others, support a nonprofit organization, or benefit a community without receiving a financial reward. This sums up the H4W club. Thank you all for what you do.

See you on the trails.

Rob

***HAVASU 4 WHEELERS, PROUD MEMBERS***

tread lightly!® LEAVING A GOOD IMPRESSION

UNITED FOUR WHEEL DRIVE ASSOCIATIONS

BLUERIBBON COALITION "Preserving Our Natural Resources FOR The Public Instead Of FROM The Public"

## - HAVASU 4 WHEELERS TRAIL RATINGS -

- Mandatory Vehicle Equipment - All vehicles on *H4W* runs must be 4-wheel drive & equipped with a CB radio, fire extinguisher, first aid kit, tow straps, and front and rear tow hooks or safe hitching point ….. all in working order.

| RATING | DESCRIPTION |
|---|---|
| 1 | EASIEST: Passable by stock vehicles. Gentle fairly wide grades. |
| 2 | EASY: Use of 2 wheel and some 4-wheel drive. Trail may have some rocks, loose road surface, and ruts but a reasonable line for driving. |
| 3 | EASIEST MODERATE: 4-wheel drive with aggressive tire treads. Expect a rough road with rocks and sand that requires lower tire pressure. Substantial sections of single lane. |
| 3¼ | MODERATE: Some 4 wheel driving experience needed. Same as above with some use of high and low range gearing. These trails have a rough, rutted surface, rocks and deep sand. Sections may be steep enough to cause traction problems, narrow shelf roads with steep drop -offs and tight clearance between rocks. |
| 3½ | HARDER MODERATE: For experienced drivers. At least a 2" lift and 33' tires with aggressive tire tread, one locked differential, high and low range gearing. Potentially dangerous, large rocks, ruts, steep slopes, loose surface and narrow clearances that need to be negotiated. |
| 3¾ | HARDEST MODERATE: Skilled experienced drivers only. Same as above with both differentials locked, some strapping/winching. Very challenging sections, extremely steep grades, loose surfaces, large rocks, deep ruts and tight clearances. |
| 4 | DIFFICULT: Highly skilled experienced drivers only. Same as above with belly up, 4 to 1 transfer case or equivalent, skid plates, beefed up axles and suspension system. Probable strapping/winching. Vehicle width and wheelbase should be considered. Possible body damage. |
| 5 | HARD: All of the above. Probable body damage. |

# Havasu 4 Wheelers

# Silver Members

*To be recognized as an H4W Silver Member, individuals must be at least 80 years old and have proudly served as club members for a minimum of five years. We honor the following members for their longevity, dedication, and continued spirit within our club.*

**Marv Adams**
**Jim & Jane Bowen**
**Cal Bowman**
**Dave & Joella Bruno**
**Steve & Sharon Bruno**
**Diana Bullard**
**Dick & Laura Caldwell**
**Ken & Sarah Corippo**
**Michael Dawson & Sharon Demarin**
**Bob & Janet Drew**
**Keith & Shirley Faust**
**Ben & Linda Fekkeldi**
**Louise Flood**
**Jim & Ginny Frush**
**Michael & Linda Gephardt**
**Jarold Glick & Teddy Nob**
**Raymond & Deborah Harvey**
**Gene & Nancy Hobday**
**Ross & Marlene Hobday (Founder)**
**Lenoard & Sharon Husted**
**Warren Jones**
**Darryld & Trixie Kautzmann**
**Walt & Cindy Klies**
**Dennis & Cheri Lansing**
**Howard Little**
**Andy & Nancy Lucas**
**David Merril & Meredith Harmon**
**Melba Olsen**
**Ladell & Judy Olson**
**Bill & Sandy Palmer**
**Alan Pepper**
**Mike & Jan Pitts**
**Doug & Anita Polzin**
**John Rawls**
**Michael & Della Russell**
**Larry & Barbara Sanburg**
**Keith Schweizer**
**Hal & Noreen Shaffer**
**Mike & Sandra Shaw**
**Jim & Gail Sims**
**Conrad Skaggs & Diana Sprague**
**Ken & Joan Weller**
**Early & Dena West**
**Willie Williams**
**Gary Wiskus**
**Larry & Betty Woosley**
**Michael Yahrmarkt**
**Kenneth & Sheila Young**

We will be honoring our Veteran members in the November newsletter. If you would like to be included, please email a photo of yourself in uniform along with your name and branch of service. If you were included last year then we have your information already and there is no need to send it in again.

# Hello H4W'S

The Cottonwood dates are finally settled. Due unforeseen reasons we had to change the dates. Sorry if this was inconvenience for everyone. The new dates are as follows:

Sunday, February 28 – Saturday, March 6, 2027

We have made arrangements at the following RV Campground for a club discount.

Verde Ranch RV Resort, 1105 N Dreamcatcher Dr, Camp Verde, AZ 86322
Phone 928-567-7126 ext. 1 Web Page https://verderanchrvresort.com
When you make your RV or Cabin reservations, it is important to tell them you are with the Havasu 4 wheelers. All members will be required to confirm their reservations no later than Monday, December 21, 2026. In order to receive the discounted rate our group must meet a minimum of 20 sites. They are holding 30 sites until December 21st, 2026.

These are the following club rates per night.
Pull Thru RV Site $66
Premium Back In $60
Conestoga Wagon $129
1 Bedroom Cabin $175
2 Bedroom Cabin $187
If you have already made reservations at this campground, please give them a call and let them know you are with the club.
If you wish to stay at a Hotel/Motel here are a few suggestions that are in the area.

Little Daisy Motel, 34 S Main St, Cottonwood, AZ 86326
Best Western Cottonwood Inn, 993 S Main St, Cottonwood, AZ 86326
Super 8 by Wyndham Cottonwood, 800 S Main St, Cottonwood, AZ 86326
Hampton Inn and Suites 650 W Mingus Ave. Cottonwood, AZ 86326

If you have any questions, please contact myself or Mike Yahrmarkt

Thanks Dave

# TOYS FOR TOTS®

Donate new toys, books, simple craft projects or sporting goods to be used as a holiday present, for a Lake Havasu child, ages infant to 12 years. All items collected stay local to the area.

Bring unwrapped items to the November 17th H4W meeting. A cash bucket will be available for any monetary gifts.

We are a generous club … let's help provide happiness and joy this holiday to a child.

Questions can be directed to

Patti Glumack

and …..
**THANK YOU.**

## Havasu 4 Wheelers Helping Out And Supporting the Community

SOCIETY of ST. VINCENT de PAUL U.S.A.

P.S. Our December H4W meeting will include a holiday food drive. Non-perishable, packaged foods and canned goods work best for the distribution center and can be brought directly to the meeting. We're teaming up once again with St. Vincent's to help stock their shelves for the season.
Thank you, as always, for your generosity.

## Cattail Cove—led by Mike Yahrmarkt

First official run of the season Sept. 29 Rating 3.25
A short run with lots of obstacles. Some obstacles as tough as 3.75, your choice, with go-arounds for most. Just a few pics from Linda Young. If you look close you can see her.

## The Hakala's H4W "Club Stuff"

**We want to be sure members can get the coveted H4W Merchandise at the membership Meetings. Come see us.**

**You can now order your gear via email to:**
**Hakala@havasu4wheelers.org**

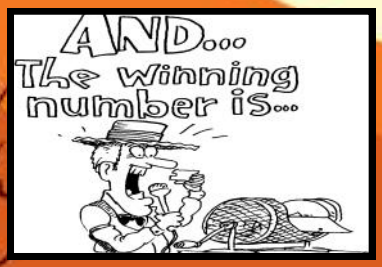

**Please Provide Style, Size, Color, Men's or Women's**
**Or…..Paul & Carol will be available at the general meetings for sales.**

**Short or Long Sleeve T-Shirts, Polo Shirts, Tank Tops (Men's Sizes Only), Hats, and Stickers**

**We can work out arrangements for pickup**
****We Still Have Plenty of Merchandise in Stock.**

Pete Lamont and Bruce Freiman
H4W 50/50 guys

For your chance to win… Don't forget to buy your 50/50
tickets at the next meeting.

# Ladies Luncheon at

Laurie Huckeba won the $20.00
and
Joella Bruno won the gift basket full of fall themed goodies!

Laurie Huckeba also won the "Finish the Halloween Phrase" game and received a Halloween painted rock and candle.

Not an official H4W run but definitely newsletter worthy and perhaps a future H4W venture. Writeup and pics "borrowed" from Brian Springer's Facebook page.

A few of my 4-wheeling friends and I ventured out to Tuweep, and hiked along the Toroweap Overlook, on the North Rim of the Grand Canyon.

We camped there one night but the remnants of Hurricane Rachel chased us out on Saturday, so we holed up in St. George, UT for a night. We also wheeled down Hack Canyon, a very picturesque drive. For those who enjoy camping in the wilderness and want to explore a national treasure, consider adding Toroweap to your bucket list. Some pic "borrowed" from Ken Baurralt also.

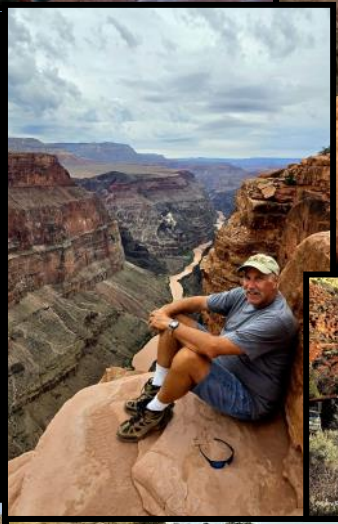

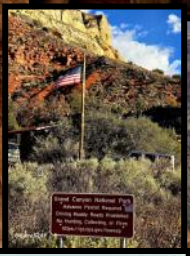

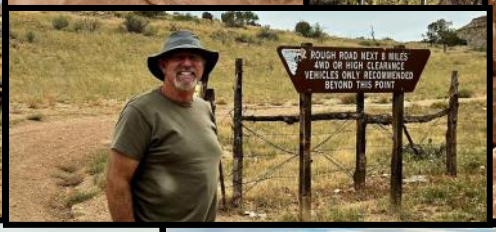

Secret Pass—Led by Brian Springer
Rating 3.25  10/23/26
Yesterday, I had the privilege of leading 8 Jeeps from our Havasu4Wheelers Jeep Club up upon the ridges above Bullhead City, and then down into Secret Pass. Nice group of folks that I hope to run with again, sometime.
Well done, everyone!

Black Mesa—Led by Mike Ahrens
Rating 3.25  10/28/26
A great trail with spectacular views of Mineral Wash, Planet Ranch, Bill Williams, and Colorado River resorts. Lots of rocks and good climbs to make the trail interesting. We had seven jeeps on our run, with three of those being new prospective H4W members. Everybody did a great job!

Ken Huckeba throwing rocks. That's a long way down!

Just a tic dusty in the back

# Men's Breakfast
# 24 guys attended

BAD MIGUELS
Lake Havasu City, AZ
1841 N. Kiowa Blvd.
(BETWEEN FOOD CITY & STAPLES)
Mon - Thru 7:00am - 8:30pm Fri - Sat 7:00am - 9:00pm
Sunday 7:00am - 3:00pm
Call: 928/680-0201

Jim Lund won the $20.00

What some of the guys are doing when they're not at Bad Miguels...

# October Club Meeting Highlights

84 members and 9 guests in attendance

Rob Glumack, our new president, presided over the meeting in presidential style!

Pam Lind won $137 from the 50/50 raffle and happily accepted her cash from Bruce Freiman.

Doris Hirt announced the upcoming Thanksgiving Turkey Roast on Nov 7.

Keep Havasu Beautiful

Trish Reister rep. shared about the many projects and events the program is involved in.

Candy collected for the H4W booth at the Havasu Fright Night! Thank you H4W for your generous donations and thanks to Pete Lamont for all your hard work heading up this event.

Patti Glumack reminded us of the upcoming Toys for Tots & Food Drive events.

# Halloween on Main Street

Special thanks to Pete Lamont for heading up this event. Thanks to Ken Barriault, Peggy Sherman, and Bruce Freiman for the pics. And a huge thank you to H4W for your support and candy!!

# FROM WILLIE'S NOTEBOOK ....

## Arizona Facts and Natural Features

**Caliche** – looks like cement. *It is calcium carbonate that was formed by ancient rains.* As rain falls, it gathers acid from the atmosphere. The rainwater mixes with the soil and dissolves minerals as it seeps downward into the ground. The mixture dries and hardens into a hardpan layer buried under the soil surface. Vinegar makes it fizz.

**Lichen** – *a living organism made up of fungus and algae.* The fungus uses the food produced by the algae because fungi cannot make their own food. The algae may need the fungi for moisture, minerals, and something to hang on to. The fungus part is what you see; the layer of algae lies below the surface.

## Arizona State Symbols

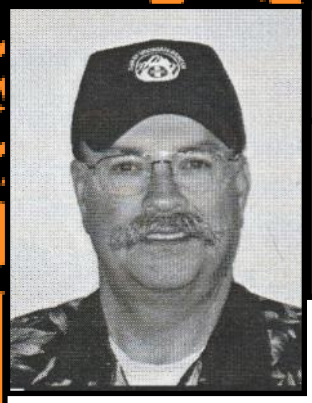

- **State bird:** Cactus wren
- **State flower:** Saguaro blossom
- **State tree:** Palo verde
- **State mammal:** Ringtail (sometimes called ringtail cat, but actually a member of the raccoon family)
- **State reptile:** Ridge-nosed rattlesnake (lives in the higher elevations of southeastern Arizona)
- **State amphibian:** Arizona treefrog (found in oak, pine, and fir forests of central Arizona and western New Mexico)
- **State fish:** Apache trout – habitat is in high-elevation, small streams
- **State fossil:** Petrified wood (grew about 225 million years ago during the era of dinosaurs)
- **State gem:** Turquoise
- **State neckwear:** Bola tie

**As a former Southern Californian, I enjoy learning about Arizona's history. This article and others to follow are thanks to Willie Williams and her treasured "Notebook", which preserves so many details worth sharing.*
*Leslie Nehring-editor*

# From the Archives—October 2016

## PALOMA WASH PETE

AKA BRUCE SPEIRS

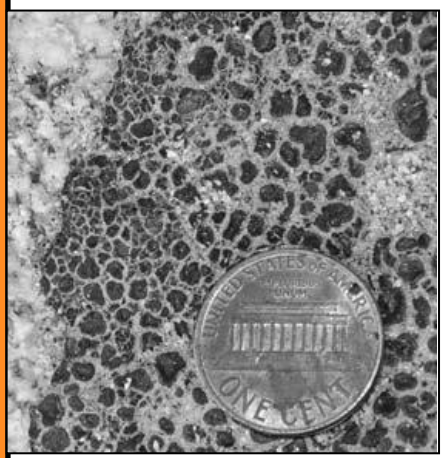

## "WHAT'S CRYPTOBIOTIC EARTH?"

Well howdy there folks. I'm known around here as Paloma Wash Pete.

Gets pretty lonesome out here in the summer but come winter I'm always being a followed around by Mike Yahrmarkt. He is the most friendly & talkative old guy I know, just a jabbering away. He always greets me with "Well Mister?" Must be a Michigan thing I figure, and he's always asking and a quizzing me. He says he's trying to stump the old prospector. So this month Mike asked "What's cryptobiotic earth?"

Well Mike, the name is derived from "crypto" (hidden) and "biotic" (life), and literally refers to a layer of hidden life on the soil surface. Cryptobiotic crusts are important to desert ecosystems throughout the world because they hold soils in place and protect the underlying sediments from wind and water erosion. Cryptobiotic soil crusts are fragile and easily damaged or destroyed by crushing and trampling. Cryptobiotic crust is well developed and widespread in our Sonoran Desert areas around Havasu. It forms a dark, thin layer on sunbaked soils. Mike, to appreciate these marvelous organisms, you really need to get down on your knees, preferably with a good magnifying glass!

Hope this helps and I am anxious to see what you have for me next month!

**A special thank you to Bruce Speirs for sharing a series of articles that were as entertaining as they were informative. I also owe Bruce an apology for neglecting to include his name with the previous article. Fortunately, there is no shortage of room for improvement on my part. I am definitely a work in progress!

Leslie Nehring

# More From the Archives—October 2012

## Ward Bond sounds off on Trail Boss

As told by Bruce Speirs

♫ Roll Along Wagon Train, rollin' over prairies where there ain't no grass, rollin' over mountains where there ain't no pass, sittin' all aboard high in the weather, praying to the Lord we stay together, side by side on the wagon train….♪

"Now listen up Pilgrims, us Trail Bosses have got together and they hereby appointed me to explain the way things are done out here on a run."
"The trail bosses are all fired up over lousy CB radios. Seems some folks just don't understand that a good clear radio signal is just as important as a functioning 4X4 system. If you don't get the message you may have a problem out on the trail. We don't like problems so git your stuff squared away pronto! If you know your unit is not working too good holler out at the next meeting and we'll get you help."

So don't be giving me any flimsy tin horn jabber flap about it! Test your unit now before the jeeping season gets hot & heavy. Do this by having a buddy come over and try talking to each other. Swap jeeps and have him circle the area a block or two away. With the engine running transmit a few times. This way you'll hear what your rig sounds like. Fuzzy or scratchy transmissions could be an antenna tuning problem which is an easy fix with a meter. Cutting in & out is probably a loose antenna connection. – check that mounting bolt. Weak signal could be a poor ground connection. And believe it or not there is a proper technique to using a mike. It should be one inch from you mouth and you speak directly into it. Think about holding the mike so it barely touches the tip of your nose. If you aren't sure speak up at the next meeting.
